About: This is the reference list for the factsheet "Wood heater smoke is not safe" available at: <https://www.car-cre.org.au/wood-heater-smoke-factsheet>

About CAR: The Centre for Air pollution, energy and health Research (CAR) is a NHMRC Centre for Research Excellence in Australia. It is the only group of its kind nationally to bring together researchers focusing on the impacts of air pollution and new versus traditional forms of energy on our health. Our vision for a healthier community is the driving force behind our research.

Authors: Ana Porta Cubas, Morgan Brain and Fay Johnston
